MAKING A WILL

A Will ensures your money, property and possessions go to the right people when you die.

YOU DECIDE

A Will puts you in control. You choose who will benefit from your estate (your property, money, business interests and possessions) and how much they should receive.

EXCLUDING PEOPLE

You may wish to prevent certain people from inheriting and this can only be achieved by writing a Will.

PEACE OF MIND

By planning ahead and writing your Will you have the peace of mind knowing that, when the time comes, you will have done all you can to make life as easy as possible for those you have left behind.

YOUR CHOICE

You can also choose your most trusted people to act as your executors. They will carry out your wishes and make sure your estate is given out as you intended.

HELP LOVED ONES

It's far quicker and cheaper to deal with an estate where there is a Will than without one.

LEAVING GIFTS

You may wish to leave gifts to friends, charities or other family members who might not otherwise be entitled under the rules of intestacy; you can only do this by making a Will.

CHILDREN

Choose how your children should be cared for and by who.

NO WILL

Dying without a valid Will means that your possessions will be distributed according to the laws of intestacy, which are out of date and do not take into account the modern family set up.

WHAT'S INCLUDED IN MY WILL BENEFIT?

Your Will

To make sure that your wishes are carried out and the people you choose to benefit, do so. Choose to do this online with a simple questionnaire*, over the phone with an adviser, or by video call.

Will Storage

We'll even store your Will to make sure it's kept safe and secure and easily accessible when the time comes.

Will Registration

We'll register your Will with the National Will Register provided by Certainty. This means that your executors can do a simple search to check that it is your latest Will.

Checking service

No matter which delivery option you choose, rest assured that a professional will check over your Will

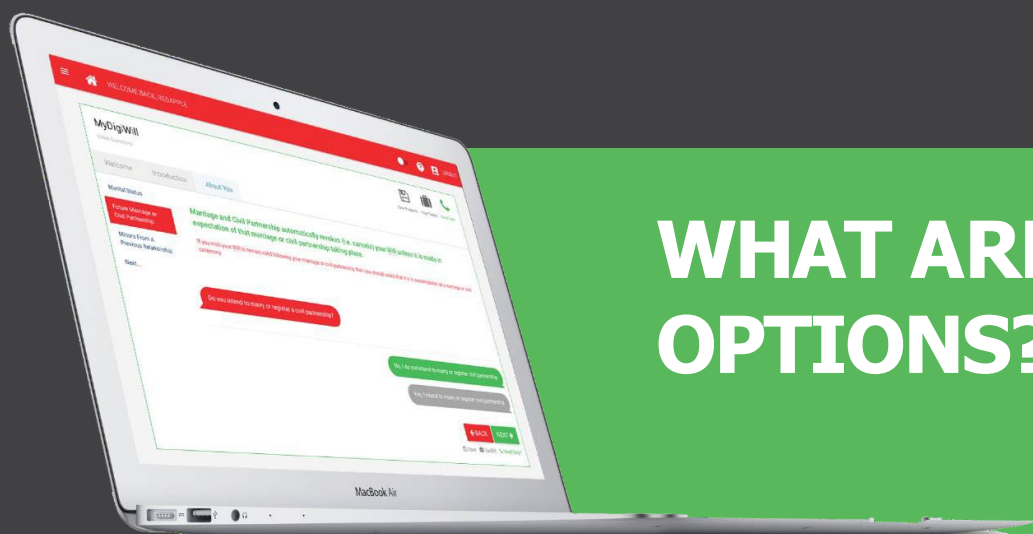

Funeral Wishes

You can include as much or as little detail as you want regarding what you would like to happen at your funeral, removing the burden from your loved ones

Online Accounts

List your online accounts and digital assets so your loved ones know what you would like to happen to them. You may want to memorialise your Facebook account, or distribute your Bitcoin.

** Please check the suitability table before selecting your preferred delivery method as online Wills are not suitable for everyone*
